Alan Hamilton

**Monday, December 16th
Smethport Fire Hall**

12pm – 6pm

Free Pizza & T-Shirts

Raffles & Giveaways

*****Grand prize drawing for pair of roundtrip JetBlue
airline tickets*****

Alan was an avid blood donor throughout his life, donating over six gallons of blood. Alan's family is looking to increase community awareness about the need for blood and hopes to collect 112 units of blood at this drive.

On June 26, Alan was diagnosed with Wegener's granulomatosis. Wegener's granulomatosis is a rare disorder in which blood vessels become inflamed, making it hard for blood to flow. During his sickness, he received multiple blood transfusions that helped him stay alive. Sadly, on August 2, 2013 Alan passed away.
